2026 ACUVUE® REBATE PROCESS **UPDATE**

New information for **AcuvueCanadaRebates.ca**. We're excited to introduce a new component: the Fitting Fee Rebate. Patients can now be reimbursed for their fitting fee up to $75.

Effective January 1, 2026, in addition to the ACUVUE® Brand Rebate, patients that are new to ACUVUE® OASYS Family (MAX/OASYS 1-Day/OASYS 2-Week) or ACUVUE® VITA® Family are eligible for this Fitting Fee Rebate (up to a maximum of $75).[Σ] **To claim**, an invoice is required for the contact lens fitting fee – it must be clearly specified on the invoice from your practice.

Please review the guidance for the invoice terms and the steps to process rebates.

Invoices must use acceptable language, in clear and unambiguous terms, for the **"Fitting Fee"** as shown by the examples below:

- Fitting fee – contact lens evaluation and fitting (ACUVUE® brand)
- Contact lens fitting and assessment fee (ACUVUE®)
- Fitting fee for contact lens fitting and instruction (ACUVUE®)
- ACUVUE® contact lens fitting and instructions fee
- Contact lens evaluation and fitting fee (ACUVUE® brand)

Notes: Include both "fitting" and "evaluation/assessment" to emphasize the service scope. Consider adding "for ACUVUE® brand" to reinforce the brand association when relevant to your process.

To assist you and your staff when helping patients to process their fitting fee rebate, follow these steps.
